

2019-20 Federal Report Card Definitions for Texas Public Schools

The Elementary and Secondary Education Act (ESEA), as amended, requires a state to prepare and disseminate widely to the public an annual Report Card for all public school districts, campuses, and the state. The Federal Report Card for Texas Public Schools is a web-based system that generates the required federal report cards at the state, district, and campus levels for easy dissemination by school districts.

Federally Required Student Groups

Each state must include the following student groups in its annual report cards. School districts in Texas report student information through the Texas Student Data System (TSDS PEIMS) and through test answer documents from the State of Texas Assessments of Academic Readiness (STAAR®) for students in grades 3–8 and STAAR end-of-course (EOC) examinations for students taking high school-level courses.

Children with Disabilities (CWD)—These students are identified as being served by special education programs. Assessment decisions for students in special education programs are made by their Admission, Review, and Dismissal (ARD) committee. The ARD committee is made up of the parent(s) or guardian, teacher, administrator, and other concerned parties. Children without Disability (CWOD) are students not served by special education programs. (Source: TSDS PEIMS, Oct. 2019, TEA Student Assessment Division)
